ABOUT ME

I am a dedicated student currently pursuing a B.Tech degree at the Maharashtra Institute of Technology. I am currently in my second year of the program, and my educational journey is marked by a deep passion for computer science. My primary area of focus is full-stack web development, and I thrive on the creative challenges that the world of programming presents. full-stack web development. My favorite part of programming is the problem-solving aspect. I love the feeling of finally figuring out a solution to a problem. My core stack is React, Next.js, Node.js, and MongoDB Outside of my academic and coding pursuits, I have a strong interest in self-development. I find inspiration in reading books on personal growth and self-improvement. These books not only expand my knowledge but also help me develop a well-rounded and balanced perspective on life.
